

NOTES

1. This drawing represents the staked centerline of retaining wall as measured by Falk PLI on April 25, 2011.
2. The basis of bearings was established using an assumed coordinate system.
3. The basis of elevation was established using an assumed benchmark elevation and are not based on an established datum.
4. This survey reflects the site conditions found by Falk PLI on April 25, 2011.
5. This survey was completed using a level and total station.
6. Property lines are shown for reference only. For complete boundary survey see Falk PLI drawing 02aa3931.
7. Benchmarks 300 and 301 are located on top of temporary retaining wall.

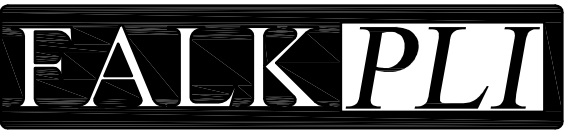

POINT#	ELEV (FT)	DESC
300	54.60	BM
301	52.79	BM
